LETTER OF AUTHORIZATION

This letter certifies that Mr. Anvar (Anvarjon) Nazirov is officially authorized to represent the Laboratory of Applied Nanotechnologies of the Institute of Ion-Plasma and Laser Technologies named after U. Arifov of the Academy of Sciences of the Republic of Uzbekistan regarding the technology of preparing monosilane protected by European Patent EP 2905258 B1.

This authorization includes the right to conduct negotiations and technology cooperation discussions, present the patented technology to potential partners and investors, sign preliminary non-binding letters of intent, and participate in discussions related to commercialization and industrial cooperation.

This authorization is granted in accordance with the internal regulations of the Institute and does not constitute a transfer of intellectual property rights.

Authorized by:
Khatam Ashurov

Director
Institute of Ion-Plasma and Laser Technologies
named after U. Arifov
Academy of Sciences of the Republic of Uzbekistan
